UNLIMITED CIVIL RIGHTS LAWSUIT

SACRAMENTO COUNTY JAIL

Defendants

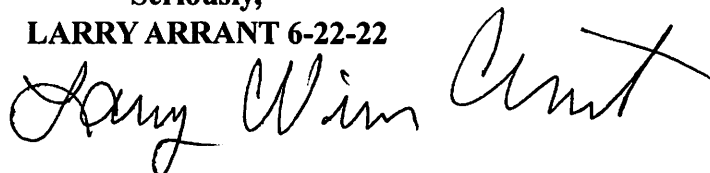

COMPLAINT:

In November of 2022, I Larry Winn Arrant was placed in Sacramento county jail, I walked in on my own two feet and exited the jail in January of 2022 on a wheelchair. Upon arriving in jail, I was put in the medical Pod, because I recently had open heart surgery. I was later moved from the medical Pod, and placed in psychiatric Pod, with an inmate that was known to be violent. He attacked me while I was laying face down, on my own bed. He had severely injured me, and I couldn't reach the bell, because I was so badly hurt. I later told the attending staff, that I was injured. I was told by the officer, "That if they had known I was in there, that they would have moved me". I was moved to another Pod and then was quickly moved from the jail to Napa State hospital.

I came into the jail walking, and came out on a wheelchair, due to this incident. I am seeking \$4.0 million dollars for my pain, suffering, and any future medical treatment, or surgeries that I might need due to Gross negligence on the jails part. Although I'll listen to, and consider any reasonable proposed settlement, on this unlimited lawsuit. Again, "I was recovering from open heart surgery, that takes nine months to a year to recover from", I now sleep the majority of the day, due to this incident.

Seriously,
